

## **LETTER OF APPRECIATION**

The Swiss Canadian Mountain Range Association (SCMRA) would like to acknowledge and thank the King of Floors (Maria and Brad Newell) for their generous support and sponsorship of our upgrades at the 300M Shooting Range.

This local company has been very supportive of our needs to improve our facility and donated all the flooring required to complete our project. This 12mm laminate with an AC5 coating will last us for years to come.

The King of Floors is a very reputable and knowledgeable outfit for all your flooring needs. If you are looking to enhance your home, check out their large selection of Laminate and Hardwoods available at:

King of Floors
